

**Wallowas Management Unit Master Plan Meeting
September 6, 5:30 – 7:30 p.m.
Hermiston, OR**

Staff attendance: Matt Rippee, Ian Matthews, Carrie Lovellette

There were three members of the public in attendance.

Matt Rippee gave introduction and overview of the parks, then Ian Matthews presented the planning process, timeline, and resource assessments and development proposals for each park.

Minam State Recreation Area

Following discussion of proposed development and management concepts, there was a suggestion to provide electric track wheelchairs at river access locations.

Wallowa Lake Highway Forest State Scenic Corridor

No comments.

Wallowa Lake State Park

Marina Concept

Following discussion of proposed development and management concepts,

- There was a suggestion that the old Elks Lodge near the park be acquired by State Parks and restored.
- There was a question about whether the reduced parking shown in the day use area design concepts would cause a parking shortage.
(staff replied that adequate parking should still be available on most days in the Marina parking lot – reduced parking along the road in the day use area would improve scenic views and visitor experience)

Meeting adjourned.
