

Notes:

Changes to Existing Features:

- Separate day use and campground parking
- Improve loop trail
- Improve tent campsites
 - Reduce pavement
 - Separate campsite parking pads (30 feet on center)
- Improve informal river access trail to meet ADA standards
- Reconfigure gravel campground parking area to paved roadside parking (10 standard parking stalls)

Proposed New Features:

- RV campsites (5)
- Back-in tent campsites (5, incl. 2 ADA)
- Walk-in Campground / Trailhead Parking (7 standard parking stalls, incl. 2 ADA)
- Walk-in / Boat-in camping (4-6 Campsites)
- Overflow & restroom parking (7 parking stalls, 2 ADA)
- Stormwater management
- Riparian/upland restoration
